Approximate dimensions

Tmax XT1 - Installation for fixed circuit breaker

5

Mounting on the backplate

Captions

- 1 Insulating plate (compulsory)
- 2 Overall dimension of optional wiring ducts
- 3 25mm insulating barriers between phases (compulsory) provided
- 4 Front carter obligatory for through door of the panel $\leq 25\text{mm}/0,98''$

		A
With standard flange	III - IV	74
Without flange	III - IV	71
	III - IV	79

Mounting on DIN 50022 rail

Captions

- 1 Mounting bracket
- 2 Overall dimension of optional wiring ducts
- 3 25mm insulating barriers between phases (compulsory) provided
- 4 Optional front cover for DIN rail
- 5 Insulating plate (compulsory)
